The Zahra 44

Combining modern contemporary living is the hallmark of this immensely practical home. The magnificent entry through double doors sets the scene for something truly magnificent. The theatre room is ideally positioned at the front to minimise disruption to other activities in the home.

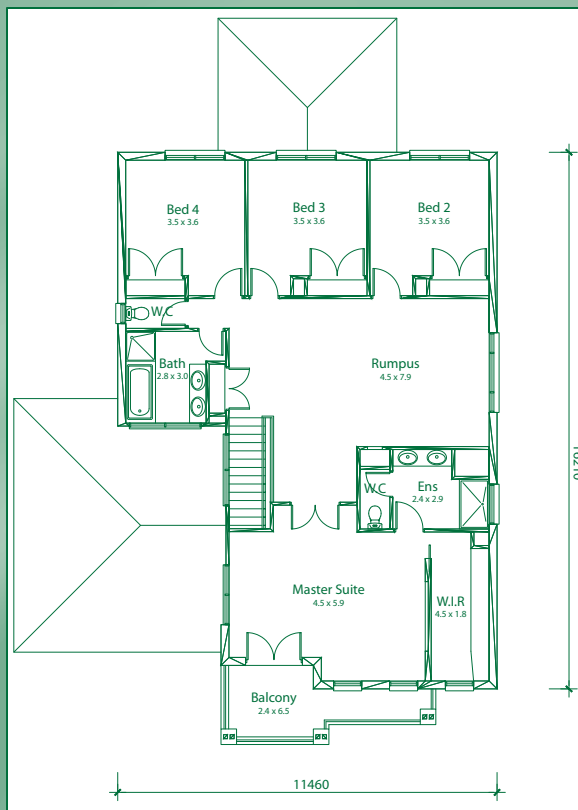

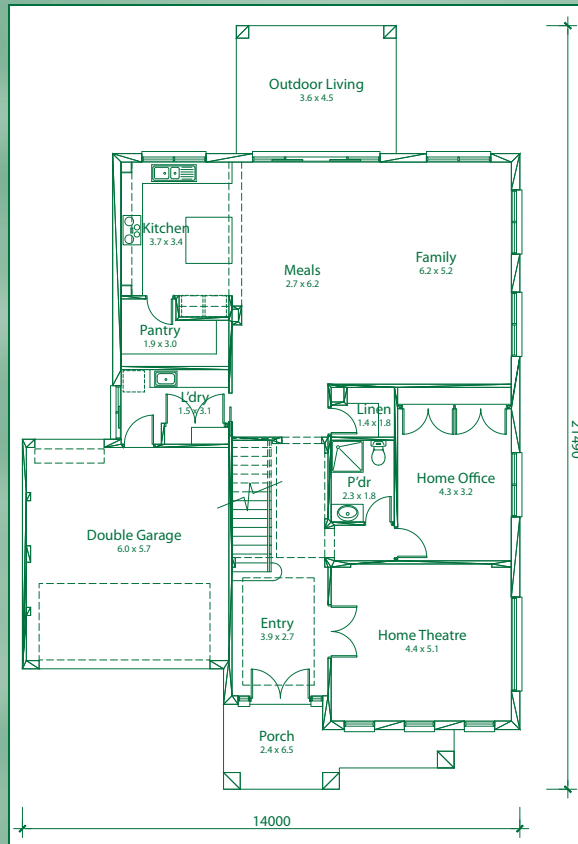

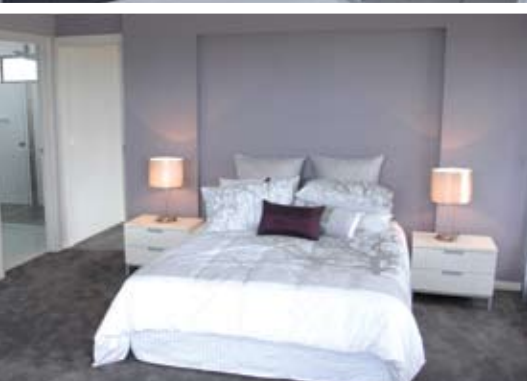

A guest bedroom is perfect for the independent teen to create their own space as it has its own bathroom. The kitchen holds all the aces, with a magnificent walk-in pantry and huge island bench, ideal for any function or just day-to-day use.
